## **TExES Academy Program Requirements**

### **Goal:**

The goal of the TExES Academy is to provide students with the tools to pass the TExES on their first attempt.

### **Purpose:**

The TExES Academy was established to provide University of Houston-Victoria, School of Education & Human Development students seeking Texas educator certifications with:

- Eligibility requirements required for registering for official exams.
- Information concerning the state examinations (TExES)
- Practice tests
- Study recommendations prior to taking the examinations

*Students admitted into the Teacher Education Program will automatically be enrolled in the **TExES Academy Learn 9** classroom. In the **TExES Academy Learn 9** classroom students will find information about when to take their certification exams and how to prepare for their certification exams.*
