## **TEGES Academy Program Requirements**

### **Goal:**

The goal of the TEGES Academy is to provide students with the tools to pass the TEGES on their first attempt.

### **Purpose:**

The TEGES Academy was established to provide University of Houston-Victoria, School of Education & Human Development students seeking Texas educator certifications with: Eligibility requirements required for registering for official exams.

Information concerning the state examinations (TEGES)

Practice tests

Study recommendations prior to taking the examinations

***Students admitted into the Teacher Education Program will automatically be enrolled in the TEGES Academy Learn 9 classroom. In the TEGES Academy Learn 9 classroom students will find information about when to take their certification exams and how to prepare for their certification exams.***
